Dear Student

We trust that you are keeping safe and working hard to conclude semester 1 successfully.

Herewith information regarding semester 2, 2020.

### Teaching Delivery and Engagement

We will be following the Three Phase Model, already adopted on our digital campuses, with much success, in semester 2. The model effectively uses a blended learning approach to assist you in your engagement. You will have the opportunity to engage with your studies physically or remotely. Phase 1 and 3 sessions will include a link to Blackboard Collaborate sessions that will allow you to participate in lectures even if you are not physically there. You will receive an SMS when your semester 2 timetable is uploaded on the student portal. Please ensure that you have updated your contact details via the Student Portal.

**TEACHING & LEARNING  
SEMESTER 2**

**How does it work?**

**PHASE 1**  
Class prep session (in class / online)  
• Key areas per learning unit outlined.  
• Online activities linked to the learning content assigned for independent study & additional research.

**PHASE 2**  
Online self-study  
• Student completes activities assigned by the lecturer in Phase 1.  
• Student completes activities on iLearn (lecturer support available for guidance).  
• Lecturer analyses online activities to determine which topics were understood and those that need revision.

**PHASE 3**  
Timetabled Lecturer (in class / online)  
• Lecturer to revise topics that were not understood - based on activities completed in phase 2. This is like a built-in tutorial.

**THE STUDENT'S ROLE**
