Content of original letter

The Safety Net Assessments will be written in early January 2021. As indicated in the original letter (see letter ref. C. 15472), you have access to all relevant material on RCLearn to prepare for the assessments, but we are providing further support in the following ways:

1. An exam preparation session for any student who has registered for the Safety Net assessments.
2. A three-hour online workshop for **certain** modules, chosen because many of you struggled with this content during semester one 2020.

The exam preparation, as well as the workshops, will be housed in a separate organisation on RCLearn.

How it will work.

- We have scheduled workshops for each identified module according to a national timetable. The sessions will be online, using Blackboard Collaborate. The table at the end of this document will tell you when the workshops are scheduled. A programme specific timetable is also available in the Safety Net Learn organisation.
- The workshops will focus on content that students found difficult to master. To identify this content, the facilitator will be setting benchmark activities for you to complete **BEFORE** the timetabled session. *Please complete these activities to ensure that the facilitator spends the limited time available on the most relevant content.*
- At the specified time, according to the timetable, you will be able to join the Collaborate session.
- The facilitator may (depending on how the workshop goes) provide additional resources after the workshop.
- The workshop recording will be available as embedded content in the organisation after the workshops for you to review closer to the time of your exam.
- The exam preparation session will focus on general advice and tips that will assist you in completing sit-down assessments successfully. The session is not programme specific and all students are welcome to attend.

The Safety Net organisation on RCLearn

We have created an organisation on Learn for the modules that will receive additional support as well as the assessment preparation workshop. To access the organisation, log on to RCLearn (<https://myrc.iielearn.ac.za/>).

Type "Safety" in the Organisation Search function on the left-hand side of the screen:

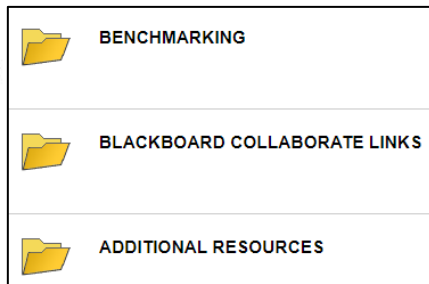

Select the option button and click "Enrol".

The access code is: RCNET.

You can access the modules by clicking on the "Content" link.

Each module will have three folders:

Benchmarking activities will be found in this folder. Please complete the activity using the link provided.

The link to the Bb Collaborate session will be found here. The embedded recording will be available here afterwards.

Any additional resources will be available in this folder.

We trust that you will use this opportunity to engage significantly with the semester one content and pass the additional opportunity that has been afforded you. Should you have any queries, please direct them to the Head of Academics on your campus.
